Who We Are

There's a reason Kaplan has remained a leader in education for more than 80 years. The vast breadth and scale of our capabilities and diverse offerings sets us apart, allowing our students and partners to advance further, faster.

Kaplan

A big part of who we are is where we've come from. Kaplan Pathways is part of global entity Kaplan, Inc., a wholly owned subsidiary of Graham Holdings Company (GHC) a diversified education and media company whose operations include educational services, television broadcasting, online, podcast, print and local TV news, manufacturing, home health and hospice care, and automotive dealerships. The company is listed on the New York Stock Exchange and traded as the Washington Post Company until the newspaper was sold in 2013.

Kaplan is GHC's largest subsidiary, having served approximately 1.2 million students and professionals worldwide and has business relationships with approximately 12,300 companies and more than 4,000 universities, colleges, schools and school districts across the globe. Kaplan is essentially run through two divisions – Kaplan North America and Kaplan International, which encompasses Kaplan Australia and New Zealand (Kaplan ANZ). Kaplan International's businesses are supported by a global recruitment network of more than 300 staff and more than 30 office locations in various source markets.

Kaplan Australia and New Zealand

In Australia and New Zealand, Kaplan offers students a diverse range of affordable and high-quality learning programs. Our diverse family of brands continues to grow, and includes:

Kaplan Pathways – in Australia, our Pathways portfolio includes:

- **The University of Adelaide College** is a preferred pathway provider to Adelaide University. With over two decades of exceptional success in preparing students for The University of Adelaide, the College is proud to continue its tradition of excellence in partnership with Adelaide University.
- **The University of Newcastle College of International Education** offers pathway opportunities to over 130 undergraduate and 15 postgraduate degree programs at The University of Newcastle, a top 200 university (QS World University Rankings, 2025).
- **Murdoch College** supports students from around the world to take their first steps towards tertiary study at Murdoch University. As the official on-campus pathway provider for Murdoch University, the College offers world-class facilities and has a special focus on student care, flexibility and safety.

In New Zealand, our Pathways portfolio proudly features **Massey University College**, the official pathway to a wide range of degrees at Massey University, one of New Zealand's top ranked universities.

Kaplan Business School – offers undergraduate and postgraduate courses in a range of business-related disciplines across six campuses in Sydney, Melbourne, Adelaide, Brisbane, Gold Coast and Perth.

Kaplan Professional – Australia's leading B2B online provider of financial planning, real estate, mortgage broking, insurance and leadership education, Kaplan Professional delivers education and training services to over 40,000 professionals each year. This includes over 1,500 corporate clients, representing most financial institutions in the country.

The Kaplan Story

In 1938, Stanley H. Kaplan started his own tutorial school in his parents' basement in Brooklyn, New York. Since then, Kaplan has championed educational innovation. By adapting to student needs and market gaps, Kaplan has redefined what is possible in education.

Flywire

When it comes to payment of tuition fees, traditionally, this can be a particularly stressful part of students' progression into higher education. That's why Kaplan works with Flywire.

Flywire is the trusted choice of millions of students, thousands of education agents, and hundreds of education institutions around the globe. Kaplan International Pathways has been successfully utilising the Flywire platform for our own body of students for years and we know that it greatly simplifies the payment process. This allows for faster transactions, faster confirmation of enrolment and earlier visa applications, all essential steps in helping students along their higher education journey.
