A trusted pathway to Adelaide University

Adelaide University

Adelaide University is an institution for the future—dedicated to making a meaningful impact both globally and individually. It is founded on the strong legacies of the University of South Australia and the University of Adelaide, with a clear ambition to create lasting careers and opportunities for modern learners and global citizens.

> *For more than two decades, Kaplan Higher Education and the University of Adelaide have built a trusted and enduring partnership, and I'm delighted that this collaboration will continue at the new Adelaide University. Together, we will launch bright futures through shared values and a commitment to student success.*

Professor Jessica Gallagher,
Deputy Vice Chancellor,
International and External Engagement,
Adelaide University

Kaplan International College Adelaide is proud to be a preferred pathway to Adelaide University. This valued partnership reflects our shared dedication to academic excellence, innovation and student success. Together, we're shaping the next generation of global graduates and equipping students with the skills, confidence and support they need to thrive at university and beyond.

Launching Adelaide University

A new major Australian university transforming education, research and innovation worldwide. Contemporary and comprehensive, Adelaide University is leading the way.

A new university with a rich history, Adelaide University is purpose-built and future focused - a place for outstanding educators, researchers, thinkers, innovators and entrepreneurs.

Graduates of Adelaide University will be among the most sought after in the world. Education and research can empower communities. Adelaide University is rising to the occasion by delivering nation-leading curriculum, exceptional student experiences, greater access to education, world-class research excellence and strong industry partnerships.

A shared history

Adelaide University combines the strengths of the University of South Australia and the University of Adelaide.

University of Adelaide
Since its inception in 1874 as South Australia's first established university, the University of Adelaide has maintained its position as a social, cultural and academic leader. It has educated Nobel Laureates, produced Rhode and Fulbright Scholars and, in 1881, was the first to admit women to all degree courses on an equal basis to men.

University of South Australia
Established in 1991, the University of South Australia was formed through the union of previous institutions, schools and colleges that educated the State's first teachers, artists and town planners dating back to the 1800s. It was the first Australian university to articulate graduate qualities in curriculum and the first to make a public commitment to reconciliation with our First Nations people.

Adelaide University will build upon these foundations, educating the next generation of leaders, who will create their own world of firsts.

Adelaide University will officially open on 1 January 2026.

Why study at Adelaide University

World-class facilities

Adelaide University's purpose-built facilities are modern and equipped with industry-standard tools and technologies, designed to prepare students for career success.

Students will benefit from access to state-of-the-art learning environments, including simulated spaces that replicate financial trading rooms, operating theatres, dental clinics, microbreweries, and immersive 3D environments—ensuring hands-on experience in settings that mirror real-world professional practice.

Future-making research

Students at Adelaide University will benefit from a curriculum shaped by the institution's research strengths and leading research institutes, ensuring access to the most current practices and global trends. The university's partnerships and collaborations are purposefully designed to drive transformational initiatives and foster research excellence.

Adelaide University aspires to become Australia's most industry-engaged university, leveraging its resources to discover solutions for global challenges and contribute to building a better world.

Exceptional student experiences

Students will be part of a vibrant and engaging university community, with opportunities to enhance their employability. Adelaide University fosters an environment that empowers individuals to shape the future and thrive in a rapidly changing world.

Student support

Students benefit from a comprehensive range of support services and an active campus community, all designed to promote personal and academic success throughout their university journey.
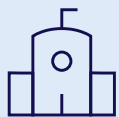

Top 100 university in the world

Ranked equal 82nd in the world and 8th in Australia

Introducing
Kaplan International College
ADELAIDE

Kaplan International College Adelaide is a trusted and focused pathway into Adelaide University, a top 100 university in the world and a member of the prestigious and research–intensive Group of Eight universities.

Located in the heart of Adelaide, the College is dedicated to supporting international and domestic students as they prepare for entry into undergraduate and postgraduate degrees at the University.

With a curriculum closely aligned to the University's expectations and delivered in a supportive, student-centred environment, the College enables students to build the confidence, capability and independence needed to succeed at university and beyond. Welcoming students from over 40 nationalities, we foster a diverse and inclusive community.

Our story

Kaplan International College Adelaide is part of Kaplan Inc, a global education provider specialising in higher education, test preparation, professional education, English-language training and university pathway programs. With over 80 years of experience, Kaplan has supported more than a million students and partners with thousands of universities, schools and employers worldwide. Kaplan's ongoing investment in innovation and educational technology ensures that students benefit from high-quality learning experiences that are adaptable, inclusive and future-focused.

For over 20 years, our pathway programs in Adelaide have helped thousands of students bridge the academic and cultural gap between school and university and supported students as they transition into rigorous tertiary study at one of Australia's top institutions.

A brief timeline

1938	Stanley H. Kaplan starts his own tutoring business in his parents' basement in Brooklyn, NY.
1984–1993	Kaplan is acquired by The Washington Post Company. Kaplan expands outside the United States, with the first centre opening in London.
2006	Kaplan expands its financial and real estate training business to Australia.
2007	Kaplan acquires Bradford College in Adelaide, South Australia.
2015	Kaplan selected as The University of Adelaide's preferred pathway provider.
2016	Bradford College relaunches as The University of Adelaide College.
2021	The University of Adelaide, Melbourne campus opens and is operated by Kaplan.
2023	Kaplan celebrates its 20th year anniversary of partnership with The University of Adelaide.
2025	The University of Adelaide and the University of South Australia merge to form Adelaide University. The University of Adelaide College relaunches as Kaplan International College Adelaide, becoming a preferred pathway provider to the newly established Adelaide University.
and beyond	The partnership between Kaplan International College Adelaide and Adelaide University reflects the unwavering commitment to academic excellence and student success. Together, we're empowering the next generation of global graduates and guiding students towards their brightest futures.
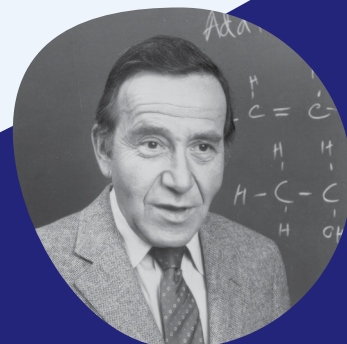

❝ *I dedicated my life to meeting the needs of students in ways that traditional forms of education could not, and Kaplan continues in that tradition today.* ❞

Stanley H. Kaplan

The Kaplan Story

In 1938, Stanley H. Kaplan started his own tutorial school in his parents' basement in Brooklyn, New York. Since then, Kaplan has championed educational innovation. By adapting to student needs and market gaps, Kaplan has redefined what is possible in education.

Why study with us?

At Kaplan International College Adelaide, our mission is to help our students unlock their full potential and prepare them for a global career. We want to make education accessible to all students and we place them at the heart of everything we do. From the moment you start your journey with us, we'll provide the support you need to gain the knowledge, skills and confidence for life at university and beyond.

Take your first step towards a world-class degree

Guarantee your entry into Adelaide University.
With over 20 years of success in guiding students into Adelaide's Group of Eight university, we offer a trusted and proven pathway to undergraduate and postgraduate degrees.

Start university life with confidence

From day one, we provide immersive university access, personalised academic support and a clear path to your degree, helping you settle into your new life and studies with ease.

Get the support you need to succeed

With smaller class sizes, personalised attention, and programs focused on English, academic and foundational skills, you'll gain the confidence and capability to thrive.

Boost your career with future-focused learning

We're constantly evolving to prepare you for the real world.

With career readiness programs, virtual internships and Kaplan's graduate success skills to give you an employability edge in Australia and globally.

Launch your future in a safe, affordable city

Live and learn in Adelaide, one of the world's most student-friendly cities. Experience a vibrant and diverse community, an affordable lifestyle and excellent support for international students including clear post-study pathways and long-term career opportunities in a thriving regional economy.

Kaplan's graduate success skills

We embed transformative learning into everything we do. This means that our programs will not only better prepare you for university studies but also empower you to develop the skills, mindset and resilience to succeed in study, work and life. We have 7 graduate success skills that you will build throughout your studies with us. These skills are essential for success at university and in your future career.

How you will develop these 7 skills

Throughout our program, you will build these essential skills not just from the theory you learn in class but through practical assessments, interactive workshops and real-life activities. In every trimester, we will run an Experience Week and Employability Week where you will put your knowledge into practice and demonstrate your skills in real-world tasks.

Experience Week

In our Experience Week, you will connect with other students, teachers, the university and the local community through a diverse range of activities aligned with what you're learning in class. These activities can include:

> **The Amazing Race** – team up with your classmates to solve a series of challenges in a race to the finish line.
> **Exciting excursions** – travel to places such as the beach, wetlands or a reptile park to explore local wildlife and ecosystems.
> **Cultural celebrations** – join multicultural and Indigenous activities.
> **Campus tours** – explore the facilities of different faculties.
> **Real-world interviews** – sit down with a local business owner and gain insights into the Australian work culture and community.

Employability Week

During Employability Week, we will be hosting a careers fair where you can meet recruitment agencies and find out about part-time jobs and volunteering opportunities. You will have the opportunity to join interactive workshops to learn how to craft a cover letter, write an Australian resume and develop your job interview skills.

Opportunity to provide feedback

After the Experience and Employability weeks, you will be asked to complete a reflection exercise which involves reviewing the different activities you took part in and how you were able to apply your knowledge and skills.

You will get the chance to shape future Experience and Employability Weeks by teaming up with other students and pitching your ideas directly to our Academic or College Director. The most creative and practical suggestions, chosen by our student ambassadors, will become part of our next Experience and Employability Weeks.

Receive a skills attainment certificate

After you complete your program with us, you will receive a certificate that maps your skill development to our 7 graduate success skills. For example, if you completed a volunteer placement, that could be mapped to the development of your collaboration skills and intercultural understanding. The certificate will summarise your achievements which you can include in your resume or use them as examples in future job interviews.

1. Critical Thinking

Asking questions and evaluating information from different sources.
Using your knowledge creatively to solve complex problems.

2. Collaboration

Working effectively in teams and contributing through active listening,
giving helpful feedback and sharing responsibilities to reach a common goal.

3. Communication

Communicating effectively in written, oral and digital formats. Engaging with a diverse
community and helping everyone work together and understand each other across
academic and professional settings.

4. Digital Literacy

Using digital tools confidently and responsibly. Able to find, check and use
information in both study and work settings.

5. Intercultural Understanding

Respecting different cultures and acting with kindness and honesty.
Doing the right thing and contributing positively to local and global communities.

6. Professional Expertise

Having a sound understanding of your field and skills to apply that knowledge
to real-world situations, showing readiness for further study or work.

7. Personal Development

Demonstrating emotional intelligence and a commitment to ongoing personal and
professional growth. Learning from past experiences to guide future learning and
development.

Your path to success

At Kaplan International College Adelaide, we believe that campus life is just as important as academic success. Whether you're studying with your friends in our lounge area or getting involved with our Social Club, we aim to create an environment where you will grow, connect and have fun.

College Services

Our dedicated College Services team is here to support you throughout your time with us. They provide a range of services to help you academically and personally. From orientation programs to counselling, our team will ensure you feel welcomed, prepared and settled into your university studies.

Our team can assist you with:

> On-arrival services
> Accommodation
> Enrolment and program advice
> Academic and English assistance
> Personal counselling
> Under-18 welfare support
> Overseas student health cover
> Disability support

Clubs and societies

The College Social Club was established in 2012 to give students opportunities to run events, socialise, learn from each other, volunteer and fundraise together. Membership is free and all students are welcome to join.

Adelaide University's student association runs a range of clubs and societies for students to join ranging from cultural and political to faculty-based and hobby-based clubs. Joining a club is a great way to meet and engage with like-minded people, make new friends, learn new skills, expand your interests or contribute to a meaningful cause.

Sonder

A place to call home

Accommodation is an essential part of your student experience, offering not only a place to live, but also a chance to connect with peers or other members of the community. There are a wide range of housing options each catering to different needs and preferences.

Our College Services team can connect you with a range of accommodation providers to suit your needs.

University-managed student accommodation

Enjoy exclusive student living with the support of onsite staff available 24 hours a day, 7 days a week. Adelaide University Village, is located in the heart of the city and offers both single and shared apartment options—ideal for students seeking a supportive and secure environment.

Purpose-built student accommodation

Purpose-built for student life, these options offer a vibrant, community-style living experience with the convenience of onsite facilities. Our preferred providers are Scape Adelaide University and Yugo Adelaide City, both offering high-quality accommodation designed to support your academic and social needs.

Homestay

Living with a local host family is a great way to immerse yourself in Australian culture and practise your English outside of the classroom. Homestay provides additional support as you adjust to life in Australia. All placements are managed through the Australian Homestay Network (AHN).

Private Rentals

If you prefer greater independence and flexibility, private rental accommodation allows you to choose a living arrangement that best suits your lifestyle. This option is ideal for students who want more control over their living environment.

Are you under the age of 18?

Our College staff take particular care of students under the age of 18. Before you arrive, we will help you arrange suitable accommodation either with a local homestay family or an apartment at our approved student residences.

Our approved airport pick-up service will meet you upon arrival and transfer you to your new home. If the College is your legal guardian, you will have a Student Advocate appointed to support and oversee your welfare. This service is provided by the International Student Alliance (ISA) as part of our independent welfare monitoring program. The ISA Student Advocates are professional, multilingual advocates who will ensure you are properly cared for and will provide your parents or guardian with regular updates.

You will meet with your Student Advocate regularly either in person, phone or online to check that you are managing well in your new environment.

Contact us

Please contact our College Services team with any questions regarding your accommodation options in Adelaide.

Foundation Studies Program

Our Foundation Studies Program provides you with a pathway to studying business, IT, engineering, medicine, nursing and much more. Upon successful completion of the Foundation Studies Program, you will have guaranteed entry to Adelaide University.

Visit our website for more information

▶ kaplancollege adelaide.edu.au

Our Foundation Studies Program is specifically designed for international students if you:

> Have completed the equivalent of Australian Year 11.

> Missed out on direct entry to an undergraduate degree at Adelaide University.

> Want to study at Adelaide University.

Why study this program

> For students studying at the College, once you achieve your required progression score, you are guaranteed entry to your packaged degree, and, for most bachelor's degrees, you won't need to provide any further English language evidence.

> We will ensure that you understand all the additional entry requirements for Medicine, Dentistry, Midwifery, Nursing, Physiotherapy and Occupational Therapy.

> The Foundation Studies Program is streamed, allowing you to choose elective courses that align with your chosen bachelor's degree.

> You will be issued with a packaged Confirmation of Enrolment for the entire duration of study at the College and the University.

> In addition to weekly class attendance, students are also expected to complete 20-25 hours per week of independent learning.

What will your week look like?

This weekly planner is an example of how your studies may look. Your classes will all be face-to-face study and you will need to plan for your private study or homework.

	Monday	Tuesday	Wednesday	Thursday	Friday

> Bachelor of Nursing
> Bachelor of Social Work
> Bachelor of Teaching (Early Childhood Education)
> Bachelor of Teaching (Primary) (Honours)
> Bachelor of Teaching (Secondary) (Honours)

> Bachelor of Social Work (Honours)
> Bachelor of Midwifery
> Bachelor of Physiotherapy (Honours)
> Bachelor of Occupational Therapy (Honours)

• •

* Additional admission requirements, additional English proficiency testing, selection criteria and/or quotas apply to selected degrees.

^ These programs cannot be packaged directly.

Please contact our College Services team for the most up-to-date and accurate information.

Your future in health

Student-centred learning. World-leading research and facilities. Global opportunities. A path to a rewarding health career at Adelaide University starts at Kaplan International College Adelaide. If you are considering this pathway, there are a few things you need to know.

Studying a degree in health can lead to an incredibly rewarding career that has a real impact on people's lives. You will develop clinical skills in tandem with your communication, interpersonal and problem-solving skills, that will set you apart from other graduates in the future.

At Kaplan International College Adelaide, we are here to assist students in pursuing their dream of studying a health degree. For Dentistry and Medicine, you will be offered a packaged degree with a Bachelor of Biomedical and Health Sciences, while for Veterinary Medicine you will be offered a packaged degree with a Bachelor of Science (Animal Sciences) when you commence your Foundation Studies Program with us.

Once you are studying at the College, we are here to guide and coach you, to help you gain admission to your health degree.

Unique College support to prepare you for university

We've created an exclusive range of services to help you gain admission to the health degree of your choice.

This includes:

> Information session with guest speakers.
> Coordinating a University-led "How to Apply" session.
> Several rounds of practice interviews with extensive feedback.
> Support during your transition to Adelaide University.

Progressing from your packaged degree to medicine or dentistry

To follow your dream of studying a Bachelor of Medical Studies or Bachelor of Dental Surgery, there are additional requirements needed so you can progress from the College to Adelaide University. These steps will give you an understanding of what's involved:

Step 1: Successfully complete biology, chemistry or maths as prerequisite subjects. Our College Services team can help you select your Foundation Studies prerequisite subjects.

Step 2: Achieve the progression score for your preferred degree – we can confirm this with you.

Step 3: Register for the University Clinical Aptitude Test (UCAT ANZ).

Step 4: Submit an online application to Adelaide University.

Step 5: Sit the University Clinical Aptitude Test (UCAT ANZ).

Step 6: Learn of your interview eligibility. This is based on your UCAT ANZ performance. In September you will receive an email from Adelaide University with important information and next steps.

Step 7: Sit your 20-minute interview. Our College Services team will coach and prepare you for this. Interviews are usually scheduled for late September to October.

Step 8: Time for offers. If you are successful, offers will be sent by Adelaide University between October and February.

Degree Transfer Programs

Our specialised Degree Transfer Programs are direct pathways leading into the second year of a specific undergraduate degree at Adelaide University. They are equivalent to the first year of a Bachelor's degree at the University.

Visit our website for more information

▶ kaplancollege
adelaide.edu.au

To successfully complete your Degree Transfer Program, you will need to achieve a 50% pass in eight academic courses, and complete two Academic English subjects. You will receive full credit for the first–year courses and progress to the second year of your packaged undergraduate degree at Adelaide University.*

Our Degree Transfer Programs are suitable for students who:

> Have completed the equivalent of Australian Year 12 or a Foundation Studies Program with us.

> Missed out on direct entry to an undergraduate degree at Adelaide University.

> Want to study at Adelaide University.

Why study this program

> Learn content relevant to your university degree and receive full credit for all university-level courses.

> You'll be provided with English language and learning support.

> As our graduate, you won't be required to provide further evidence of your English language proficiency for entry into your undergraduate degree at Adelaide University.

> If eligible, you'll have the flexibility of studying a Degree Transfer Program in one of two formats: extended or standard.

Meet Amaka

"
Studying at the College made my transition to a new culture and university life much easier. The supportive teachers and welcoming, diverse environment truly made it feel like a home away from home.
"

Amaka Esther Ndu, Nigeria, Pre-Master's Program

Pre-Master's Program pathway

Pre-Master's Program Extended	**Three study periods**	
Pre-Master's Program		**Two study periods**
Pre-Master's Program Accelerated		**One study period**
	Pre-bridging courses	**Bridging courses**	**Credit-bearing courses**

Meet Regas

I think the process of learning here is a good process of transitioning to university. For me this is my first time studying abroad and college provides a chance to let me adapt to the study and life here.

Jiaqi Liu (Regas), China, Pre-Master's Program

> ## My pathway program helped me a lot to prepare for university. I've learnt important strategies to cope with study in the master's degree.

Yike Huang, China
Pre–Master's Program

Meet

English Language Programs

Our English Language Programs will help you gain the skills and proficiency needed so you can speak, read, write and listen in English and excel in your chosen field. We are here to improve your skills in an English-speaking academic environment.

Visit our website for more information

▶ kaplancollege
adelaide.edu.au

Why us?

> We carefully assess your English before you commence your General Academic English and/or English for Academic Purposes program.

> We are recognised through our English Australia membership.

> You will be taught by highly qualified and experienced English language teaching professionals who have helped design the programs.

> We offer a variety of assistance and counselling services to help you achieve your goals.

> You will enjoy individual attention with our small class sizes, and you'll be assessed weekly to monitor your progress.

> You can access a range of extracurricular activities tailored to enhance the after-class student experience.

Why study this program

> Your contact hours are generally 20 per week and class sizes are a maximum of 18 allowing you to benefit from individual attention.

> You will improve your language skills including speaking, writing, reading, listening, grammar and vocabulary while learning about Australia in an engaging way.

> You will develop essential academic skills such as group and team collaboration, critical and creative thinking, research and academic integrity and presentation skills that will benefit your future studies. Upon successful completion, you will be able to communicate with confidence and obtain the essential language skills necessary for academic study in Australia.

> Intake dates are available throughout the year, so you have the flexibility to start the program when it suits you.

Program snapshot

	General Academic English	English for Academic Purposes
Intakes	Varies	
Duration	5 or 10 weeks	10 weeks
Tuition fees	$500/week	$500/week
CRICOS course codes	094050A	069098D

Study Duration

These tables show the International English Language Testing System (IELTS) scores required for our English for Academic Purposes program and the amount of time most students take to reach the required scores.

All applications will be assessed on an individual basis. For Pre-Master's Program, English language requirements will depend on the master's program and academic qualifications. For all other programs, other entry criteria may apply.
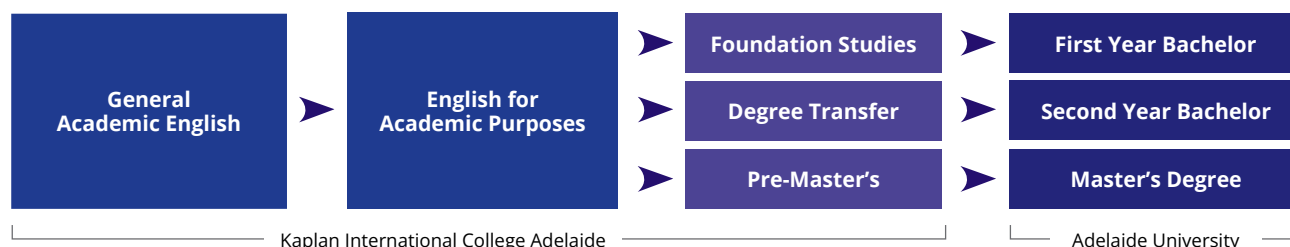

Foundation Studies Program / Degree Transfer Programs

Overall IELTS	Lowest band score	Recommended Duration
IELTS 5.0	4.0	20 weeks
	4.5	15 weeks
	5.0 in all bands	10 weeks

Pre-Master's Programs

Overall IELTS	Lowest band score	Recommended Duration
IELTS 5.0	4.5	20 weeks
	5.0	15 weeks
IELTS 5.5	5.0 or 5.5	10 weeks

The dates shown were correct at the time of publishing. Please use these dates as a guide as they may change at the discretion of Kaplan International College Adelaide and/or Adelaide University.

2027 dates are subject to change.

All orientations will be held one week prior to the program commencement date. Please contact us for more information.

How to apply

Applying to Kaplan International College Adelaide is simple and can be completed in a few steps.

Direct applications

You can apply directly via the Applicant Portal of our Application System. To commence your application, you will need to register for an account in the Applicant Portal.
Once registered, you can:

> Start and save an application
> Upload supporting documents
> Submit your application
> Accept your Offer of Admission
> Make payments for tuition and other fees

Visit our website to apply via the Applicant Portal

▶ **kaplancollege adelaide.edu.au**

Applications through agents and representatives

Eligible agents and representatives will be redirected to the Agent Portal of our Application System to submit your application.

All of our registered agents and representatives will be registered as users of the Agent Portal. Agents can start, save and submit applications in the Agent Portal.

Document certification

As part of your application to Kaplan International College Adelaide, you MUST submit either original documents OR certified copies of your academic transcripts, qualifications and official English translations. Certification is an essential step to ensure the authenticity of your documents and avoid delays in assessment.

Every page of the document must contain all of the following elements:

> An original stamp bearing the name of the person or organisation who verifies the document
> A written statement in English to the effect of "I certify that this is a true copy of the original."
> An original signature
> The date of certification

Agents who are representing the College have the authority to sight original documents and provide certified, electronic copies when submitting the application. Agent certification must comply with the certification requirements listed above.

The following people can also certify documents:

> A registered Kaplan education agent (acting on your behalf)
> An authorised Kaplan or College staff member
> A Justice of the Peace, Notary Public or Consular Official
> A Commissioner for Declarations or Affidavits
> The registrar of the institution that issued the original document
> A police officer or an authorised examining authority

Applicants under the age of 18

If you will be under 18 years of age when your course starts, you must meet student visa requirements set by the Department of Home Affairs.

You must either:

> Reside with a parent or eligible relative approved by the Department OR
> Enter a Kaplan Guardianship Arrangement, which includes accommodation, welfare and support services.

Receiving your offer

We will send an email to you (or your agent) with an Offer of Admission if you are successful.

Offer of Admission

The information in your Offer of Admission and acceptance is important, please read it carefully.

Please note the following information for your packaged offer:

> Program names

> Duration of programs

> Commencement dates

> Tuition fees

> Acceptance and payment deadlines

If you have a conditional offer, the conditions are clearly outlined in your Offer of Admission. Conditions may include providing proof of English Language Proficiency, completion of academic qualifications, or provision of official documents (e.g. original or certified copies of your documents).

It is important that you provide evidence of meeting these conditions as soon as possible, to avoid delays in progressing your enrolment with the College and corresponding visa application with the Department of Home Affairs.

Accepting your offer

Follow the acceptance process outlined below. By correctly completing the required forms, you will ensure that the processing of your acceptance and the issuing of your CoE (Confirmation of Enrolment) will be smooth and efficient.

Step 1 – Offer of Admission

Log in to the Applicant Portal to accept your Offer of Admission. Make sure your personal details, especially your name, date of birth, and passport number, match exactly with the information in your passport. You will need to upload a scanned copy of both the personal ID page and signature page of your passport.

If you are working with an education agent, they may assist you in reviewing and completing this step to ensure everything is submitted correctly.

If you have a conditional offer, the conditions outlined in your Offer of Admission must be fully met prior to acceptance (if any).

Step 2 – Fees

Payment can be made in the Applicant Portal of the Application System via the College's preferred online payment provider, Flywire.

Flywire is a secure international payment platform method that supports multiple currencies and ensures faster processing times.

Please visit kaplancollegeadelaide.edu.au to review the College's Refund Policy.

Step 3 – Visas

After accepting your offer and paying your tuition fees, you can begin preparing your student visa application. You may contact your nearest Australian Embassy or Consulate, or visit the Department of Home Affairs website to understand current visa requirements, documentation and processing times to be prepared ahead of time.

Step 4 – Confirmation of enrolment

Once your acceptance and payment are confirmed, the College will issue your CoE. This official document will be emailed to you or your nominated agent. It confirms your enrolment and includes key details required for your visa application, such as program dates, duration, and total fees paid.

Step 5 – Apply for visa

After receiving your CoE, you can now lodge your student visa application through ImmiAccount, the official online portal managed by the Department of Home Affairs.

Your agent or representative can assist you with this process if needed.

To do this, your nominated agent or representative will need to create an ImmiAccount.

Meet
Audrey
from Malaysia

" The teachers have been so helpful and supportive and the College Services team were always there when I had questions. I really liked the teaching style as concepts were explained in a clear and relatable way, which made learning easier "

Audrey Chan, Malaysia
